

What Sets Us Apart

- **L.L. Geans** has been in business since 1959 and we are a stable, well-established company
- We carry Liability, Auto and Workers' Compensation insurance
- Our insurance carrier is rated A+ by Best's Rating Guide
- We are a fully bonded and licensed contractor
- We have an excellent safety program that includes:
 - Drug testing for a drug-free work site
 - No lost-day injuries since 2010
 - An Experience Modification Factor of .80 for 2013
 - OSHA 30 trained foremen
 - OSHA 10 trained crew members
 - An ongoing safety training program led by a safety training professional
- We provide concrete finishing certification programs by the American Concrete Institute to our employees
- Your staff and our crews always have a point of contact because a foreman is at your job site at all times
- Out of respect for your facility and your employees, our crews clean our job site daily
- We do it right the first time...or we make it right

■ We can let our customers speak for the quality of our work

The guys are polite, helpful and respectful of our environment. They didn't just sweep up after themselves, they ran floor scrubbers. We wanted a no-hassle installation and that's what we got.

—Larry Davis
President

Daman Products Company

Excellent work by L.L. Geans. The blueprints were very complex and the L.L. Geans staff understood what needed to be done. Their work was cost efficient and they finished the project ahead of the deadline.

—Bryan Fehnel
Manager

D.W. Aluminum

The project went great, as usual. We chose L.L. Geans for this job because they've done good work for us in the past.

—Jim Byler

Production Manager

Walerko Tool and Engineering

We had failure of slab joints that made for real challenges when moving heavy loads over these areas. Koontz Wagner had tried other repair materials, but none held up as well as L.L. Geans' work.

—Don Eichstadt
Koontz Wagner

It's nice to work with a contractor like L.L. Geans that looks out for the client.

—Michael Bultinck, ASLA
Lehman & Lehman

We wanted the bases for both machines finished before the installation of the first machine. We've used L.L. Geans for several projects and I knew we could trust them to meet our schedule and do quality work.

—Carl Thomas
Facilities Manager
K&M Machine Fabricating

We have a good relationship. L.L. Geans' work is high quality—the finished product speaks for itself.

—Rich Green
Terminal Manager
CITGO

I have used L.L. Geans on the last five press bases we've installed in the past 20 years and consider them to be a valued partner to my company.

—Michael Vandenburg
Vice President of Operations
Mossberg & Company

We've worked with L.L. Geans since 2004 when we relocated to our new facility. Everything is going according to schedule and plan.

—Sue Kinnucan
Controller
Hoosier Tank
