

# The Hard Facts

## L.L. Geans Chosen for Voorde Park Project

### Project Overview

- 9,700 sq. ft. of flatwork including sidewalks with ADA (Americans with Disabilities Act) connections and an expanded parking lot
- New shelter building and renovated restroom facility
- New basketball and tennis courts and playground

*"It's nice to work with a contractor like L.L. Geans that looks out for the client."*

—Michael Bultinck, ASLA  
 Lehman & Lehman

Voorde Park is a 12-acre public park located near the South Bend Regional Airport. Lehman & Lehman, Inc., a landscape architecture and planning firm, was commissioned by the City of South Bend to develop a plan for the revitalization and expansion of the park. L.L. Geans was chosen to implement the transformation that will greatly enhance the park's appearance and functionality. "We worked with L.L. Geans on a park project last year and we were very pleased that they won the bid for Voorde Park," said Mr. Bultinck, a landscape architect with Lehman & Lehman.

The renovated park is scheduled to be ready for Memorial Day activities. ■

*The footings and form for the park's shelter pad.*

*The foundation for the shelter. L.L. Geans will provide a 24' square open-air shelter with a metal roof. The park staff will place picnic tables under the shelter.*

### Concrete Services

- Building Foundations
- Floor Slabs
- Parking Lots
- Sidewalks and Curbs
- Concrete Buildings
- Machine Pits & Bases
- Concrete Restoration
- Ramps & ADA Ramps
- Structural Renovations
- Sign Bases
- Architectural Concrete

### Industrial Services

- Containment Pits
- Machine Pits & Bases
- Crack & Joint Repair
- Masonry Repair
- Protection Posts
- Trench Drains
- Excavation & Demolition
- Loading Docks
- Dock Levelers
- Trench Drains
- Floor Repairs
- Overhead Service Door Prep

### General Construction

- Pre-Engineered Steel Buildings
- Building Additions
- Structural Steel & Wood
- Turnkey Installations
- Excavation & Demolition
- Concrete Buildings
- Architectural Pre-Cast
- Commercial/Retail work

## ***Forklift and Scissor Lift Training***

Forklifts and scissor lifts are incredibly useful and versatile tools at a work site. They are also extremely dangerous if used carelessly. That's why L.L. Geans recently provided an in-depth forklift and scissor lift training and certification program for their crews.

Mike Carson, with Cassady Neeser & Brasseur, led the OSHA-compliant classroom instruction and hands-on training sessions. Crew members were required to pass written and demonstration testing before they received certification. L.L. Geans' employees are certified in both Indiana and Michigan to operate forklifts and the company's new scissor lift.

"L.L. Geans' commitment to safe work practices not only protects our workers—our safety training programs also protect your employees and facility," said Rocky R. Geans, President of L.L. Geans Construction Co. ■
